“

My grandson came from London to visit for the first time and said he felt so at peace knowing that we are in our lovely Silvergate home, and I could not agree more!”

— Bettye, Resident

“

I love Silvergate's restaurant-style dining. Anyone who's tired of microwave dinners and leftovers really should come hear about the incredible food our Chef serves every day.”

— Sandy, Resident

### Come Meet Our Residents

“

I had a sudden health event – which can happen to anyone at any time – and it made me realize that I wanted care available in case I needed it, which greatly relieved my daughter.”

— Peter, Resident

“

My mother was living alone, trying to navigate a dangerous set of stairs and the whole family was worried about her. We brought her to Silvergate, and now she's safe and loves her apartment with its sunny balcony.”

— Victoria, Resident's Daughter
